

Adverse Childhood Experiences and Opioid Misuse: Breaking the Cycle Through Shared Risk and Protective Factors

Tuesday, May 17, 2022

Webinar, 12:00 p.m.–1:00 p.m.

PROUD

**PARENTS RECOVERING FROM
OPIOID USE DISORDERS**

This virtual educational activity is jointly provided by AXIS Medical Education and the Connecticut Hospital Association in collaboration with the Connecticut Department of Mental Health and Addiction Services.

Target Audience: Physicians, nurses, social workers, quality professionals, risk managers, healthcare executives, and all healthcare professionals working with patients impacted by trauma and addiction.

Description: Safe, stable, nurturing relationships and environments are essential to children's health and wellbeing. However, many children don't have these types of relationships and environments, placing them at risk for adverse childhood experiences (ACEs). In this presentation, Dr. Elizabeth Swedo of the Centers for Disease Control and Prevention will discuss ACEs, ACEs' intergenerational connections to opioid misuse, and the ways these problems can be jointly addressed and prevented.

Learning Objectives:

At the conclusion of this activity, participants can expect to:

- Define adverse childhood experiences (ACEs).
- Describe the ways that adverse childhood experiences are associated with opioid misuse in children and adults.
- Identify shared risk and protective factors and prevention strategies for ACEs and opioid misuse.

Recording: This activity will be recorded and archived for future participation.

For more information, contact CHA Education Services at EducationServices@chime.org or 203-294-7263.

YOUR FACULTY:

Elizabeth Swedo, MD, is a pediatrician with a career focused on public health and childhood trauma. In her role as a physician in the Division of Violence Prevention at CDC, Dr. Swedo serves as a subject matter expert and researcher on adverse childhood experiences, child abuse and neglect, and other forms of childhood trauma. She is also a practicing physician and provides primary care services at a pediatric refugee clinic in the Atlanta area.

Dr. Swedo holds a Medical Degree and Master's in Public Health from Emory University and a Bachelor of Arts in French Literature from Dartmouth College. She completed her pediatric residency at the University of Washington. Prior to her tenure at CDC, Dr. Swedo worked as a general pediatrician and trauma hospitalist in Seattle, Washington. She is board certified in Pediatrics and a fellow of the American Academy of Pediatrics.

ACCREDITED CONTINUING EDUCATION

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

Accreditation Statement

In support of improving patient care, this activity has been planned and implemented by AXIS Medical Education and the Connecticut Hospital Association. AXIS Medical Education is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Interprofessional Credit

IPCE CREDIT™

This activity was planned by and for the healthcare team, and learners will receive 1.0 Interprofessional Continuing Education (IPCE) credit for learning and change.

Credit Designation for Physicians

AXIS Medical Education designates this live activity for a maximum of 1.0 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Credit Designation for Nursing

AXIS Medical Education designates this continuing nursing education activity for 1.0 contact hour. *Learners are advised that accredited status does not imply endorsement by the provider or ANCC of any commercial products displayed in conjunction with an activity.*

Quality Professionals

This program is pending approval by the National Association for Healthcare Quality (NAHQ) CPHQ continuing education credit.

Social Workers

As a jointly accredited organization, AXIS Medical Education is approved to offer social work continuing

education by the Association of Social Work Boards (ASWB) Approved Continuing Education (ACE) program. Organizations, not individual courses, are approved under this program. State and provincial regulatory boards have the final authority to determine whether an individual course may be accepted for continuing education credit. AXIS Medical Education maintains responsibility for this course. Social workers completing this course receive 1.0 continuing education credit.

Risk Management

This program is pending approval for contact hours of Continuing Education Credit toward fulfillment of the requirements of ASHRM designations of FASHRM (Fellow) and DFASHRM (Distinguished Fellow) and towards CPHRM renewal.

Healthcare Executives

ACHE Qualified Education credit must be related to healthcare management (i.e., it cannot be clinical, inspirational, or specific to the sponsoring organization). It can be earned through educational programs conducted or sponsored by any organization qualified to provide education programming in healthcare management. Programs may be sponsored by ACHE, chapters, or other qualified sources, whether the programming is face-to-face or distance offerings (webinars, online seminars, self-study courses, etc.). Participants will receive a certificate of completion for 1.0 hour.

AXIS Contact Information

For information about the accreditation of this program, please contact AXIS at info@axismeded.org.

Requirements for credit:

- Attend/participate in the educational activity and review all course materials.
- Complete the CE Declaration form online by **11:59 p.m. ET on June 16, 2022**. If you do not enter the online portal by the above date, you will not be able to retrieve your statement of participation.
- Upon successful completion of the online form, your statement of completion will be presented to you to print.

Disclosure of Conflicts of Interest

AXIS Medical Education requires faculty, instructors, authors, planners, directors, managers, reviewers, and other individuals who are in a position to control the content of this activity to disclose all real or apparent conflicts of interest they may have with ineligible companies. An ineligible entity is any organization whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. All relevant conflicts of interest are identified and mitigated prior to initiation of the planning phase for an activity.

AXIS has mitigated and disclosed to learners all relevant conflicts of interest disclosed by staff, planners, faculty/authors, peer reviewers, or others in control of content for this activity. Disclosure of a relationship is not intended to suggest or condone bias in any presentation but is made to provide participants with information that might be of potential importance to their evaluation of a presentation or activity. Disclosure information for faculty, authors, course directors, planners, peer reviewers, and/or relevant staff is provided with this activity.

The **faculty** reported the following relevant financial relationships or relationships they have with ineligible companies of any amount during the past 24 months:

Name of Faculty or Presenter	Reported Financial Relationship
Elizabeth Swedo, MD	Nothing to disclose

The **directors, planners, managers, and reviewers** reported the following financial relationships they have with any ineligible company of any amount during the past 24 months:

Name of Planner/ Manager/Reviewer	Reported Financial Relationship
Megan V. Smith, PhD	Nothing to disclose
Christine Prestiano, MS	Nothing to disclose
Shelly A. Nolan, MS, LPC	Nothing to disclose
Dee Morgillo, MEd., MT(ASCP), CHCP	Nothing to disclose
Holly M. Hampe, DSc., RN, MHA, MRM, CPHQ	Nothing to disclose
Ronald Viggiani, MD	Nothing to disclose

Disclaimer

Participants have an implied responsibility to use the newly acquired information to enhance patient outcomes and their own professional development. The information presented in this activity is not meant to serve as a guideline for patient management. Any procedures, medications, or other courses of diagnosis or treatment discussed in this activity should not be used by clinicians without evaluation of patient conditions and possible contraindications on dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities.
